### Need a Photometric Analysis for Your Project?

A photometric analysis is a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify your light levels before making a big purchase. This service will provide average footcandles at various heights, max/min (uniformity) ratios, minimum footcandles, light trespass levels, and more. When a report is generated, a lighting specialist will walk you through it, page by page, so you know exactly what you will be receiving. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.

### Access Fixtures Warranty

SAFI fixtures come with a limited five-year warranty. If your product has a manufacturing defect, we will replace components, the entire product, or issue a refund. We stand behind the quality of our products and pride ourselves in both customer service and open communication. Our customer service team, located in Worcester, MA, can answer before- or after-sale questions and address your concerns. If you have any questions, give us a call at 800-468-9925.
