Product Description

The VERS 43w LED Full Cutoff Wall Pack, 120-277v is a standout with a full-cutoff design, loads of features, options, and integrated LEDs. The VERS is a great choice for wall-mount applications in retail centers, industrial parks, schools, universities, public transit, airports, office buildings, medical facilities, and more!

Full Cutoff: The full cutoff design of this wall pack helps to meet local lighting ordinances by minimizing light trespass - making it neighbor and dark-sky friendly!

Maximum Value: The simple and cost-effective integrated LEDs features high performance lighting, minimizes energy and provides low to no maintenance. The

results is the perfect mixture of performance, efficiency, and sustainability!

Durable Housing: Constructed of durable die-cast gasketed aluminum with built-in level and nickel-plated, stainless steel hardware, featuring a tempered clear flat glass lens for durability and resistance. Die-cast housing ensures the highest standard of quality.

- Surge Protection - Photocell - Mounting Access Fixtures 5-Year Warranty

All Access Fixtures products come with a 5-year warranty. If your product is found to have a manufacturing defect, we will replace components, the entire product, or issue a refund. We stand behind the quality of our products. Our customer service team, located in Worcester, MA, is happy to address any questions, comments, or concerns you may have. Please give us a call at 800-468-9925. Please view Access Fixtures [return policy](#). Need a Photometric Analysis for Your VERS 43w LED Full Cutoff Wall Pack, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
