ARTO 44w Garage Lighter LED 347v-480v, Lens, and Performance

The high-voltage ARTO 44w LED array operates at 585-595 nm to comply with both **turtle-friendly regulations and security systems requiring monochromatic amber light**. It emits 1,877 lumens, which casts a wide circle of light.

This energy-efficient ARTO 44w turtle LED garage lighter 347v-480v features Type 5 optics and a UV-resistant acrylic lens. Electronic 1-10v dimmable drivers are standard. The sealed LED array's aluminum board increases the fixture's lifespan, at the same time it decrease lumen depreciation.

For exacting lighting requirements, request a [photometric report for your layout](#).

Garage Lighter
(back shown with built-in Easy-Hang bracket)

ARTO 44w turtle LED garage lighter comes standard with Easy-Hang bracket that allows for one-person installation.

Rugged, die-cast aluminum ensures built-to-last reliability. Choose textured architectural bronze or white powdercoat finish over a chromate conversion coating. Custom RAL colors are also available.

The low-profile, slimline housing also contains the fixture's built-in heat sink for ideal thermal management.

The housing accommodates an optional, built-in sensor. A clear cover replaces the original color-matched polycarbonate cover when a sensor is elected. Or, if you prefer, use the 1/2" coin plugs with O-rings for a conduit to your external sensor.

The high-voltage ARTO 44w Turtle & Wildlife Friendly Garage Lighter 347v-480v - EXTREME LIFE measures **13.75" x 11.25" x 2.5"** and weighs **10 lbs**. The fixture comes with a built-in Easy-Hang mount that allows for one-person installation. The Easy-Hang bracket fits a standard 4" electrical box. Choose the optional, hinged Quick-Mount bracket for contractor-friendly installation. Mount fixture from from 8-14 feet depending on your light level requirements.
