### Product Description

Energy-efficient, built-to-last, ARTO 57w turtle LED garage lighter 347v is perfect for for public and private garages. Save money. Save wildlife.

The high-voltage ARTO 57w turtle LED garage lighter 347v is a great choice for new installations or to replace HID systems in public or private parking garages. It emits 2,292 lumens. Its amber LEDs comply with both [sea turtle regulations](#) and monochromatic security systems]. This fixture comes standard with an Easy-Hang bracket that allows for one-person installation. Options include Quick-Mount bracket, microwave motion sensor, custom RAL colors, and more. Furthermore, this fixture boasts an extreme **219,000 hours (25 years) rated life!**

## ARTO 57w Garage Lighter LED 347v, Lens, and Performance

The ARTO 57w amber LED array operates at 585-595nm to comply with both **turtle-friendly regulations and security systems requiring monochromatic light**. It emits 2,292 lumens that casts a 1/2 footcandle of light in a circle up to 48 feet in diameter depending on mounting height.

This energy-efficient ARTO 57w turtle LED garage lighter 347v features wide optics and a UV-resistant acrylic lens designed especially for garage lighting. Electronic 1-10v dimmable drivers are standard at no extra cost for you.

The sealed LED array has an aluminum board to increase the fixture's lifespan, and at the same time decrease lumen depreciation. The fixture is rated for **219,000 hours**: longer life equals better performance and less downtime for component replacements and other repairs.

For critical lighting requirements, **call an Access Fixtures lighting specialist at 800-468-9925 to** request a [photometric report](#) for your layout.

## ARTO 57w Turtle LED Garage Lighter Housing and Mounting

Garage Lighter  
(back shown with built-in Easy-Hang bracket)

ARTO 57w turtle LED garage lighter 347v lighter comes standard with Easy-Hang bracket that allows for one-person installation.

Rugged, die-cast aluminum ensures built-to-last reliability. Choose textured architectural bronze or white powder-coat finish over a chromate conversion coating. Custom RAL color options are also available.

The low-profile, slimline housing also contains a built-in heat sink for thermal management.

The housing has a specially designed space for an optional built-in sensor, covered by either a color-matched polycarbonate or a clear cover when a sensor option is chosen. Or, if you prefer, there are 1/2" coin plugs with O-rings for conduit to your own external sensor.

The high-voltage ARTO 57w Turtle & Wildlife Friendly Garage Lighter 347v - EXTREME LIFE measures **13.75" x 11.25" x 2.5"** and weighs **10 lbs.** The fixture includes an Easy-Hang bracket that fits a standard 4" electrical box. The Easy-Hang bracket allows for one-person installation. Mount this garage lighter from 8-14 feet high depending on your light level requirements.
