Product Description

ACCO 69w LED Forward Throw Wall Pack, Extreme Life, 120-277v is a great fixture for industrial parks, schools, universities, airports, retail centers, public transit facilities, office buildings, medical facilities, and more. This fixture makes an excellent replacement for 100w HID fixtures and uses only a fraction of the electricity. Based on light level and uniformity requirements, the recommended mounting height is between 12 and 18 feet.

Extreme Life: L70 Rated life of 144,000 hours.

Forward Throw: This wall pack throws light in a wide forward arc, making it perfect for lighting large areas outside of buildings.

Prismatic Glass Lens: A prismatic borosilicate glass lens softly diffuses light and prevents glare.

Features:

- Forward throw wall pack fixture - 69w integrated LEDs - Features die-cast aluminum hinged and gasketed front frame and housing - Bronze finish (architectural bronze powder coat over a chromate conversion coating to inhibit corrosion and give the fixture a decorative, metallic finish) - Molded prismatic glass lens - Safety cable to prevent glass impact during installation - 120-277v - (CRI) of 80+ [color rendering index](#)] - IP65 rated - 0-10v dimmable driver - 4,944 lumens - L70 rated of 144,000 hours - 5000K - Mounting: Mounts directly over a 4" recessed outlet box; Can also use a 1/2" surface conduit - 9 lbs. - 12" x 11.13" x 7.38" - 5 year warranty
- Options:
 - Finish color
 - Built-in photocell
 - Surge protection

All Access Fixtures products come with a 5-year warranty. If your product is found to have a manufacturing defect, we will replace components, the entire product, or issue a refund. We stand behind the quality of our products. Our customer service team, located in Worcester, MA, is happy to address any questions, comments, or concerns you may have. Please give us a call at 800-468-9925. Please view Access Fixtures' [return policy](#). Need a Photometric Analysis for Your ACCO 69w LED Forward Throw Wall Pack, Extreme Life, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
