### Product Description

ARIE 19w LED Round Open Top Bollard Light, 120-277v is styled with a polycarbonate-lens to seal the optical compartment, and an IP66 rating for total protection against dust and water. This elegant bollard light is ideal for retail centers, industrial parks, campuses, and most commercial areas. This bollard light distributes 1 footcandle of light, up to 8 feet away from the fixture, or in 16 foot diameter.

**Open Top:** This unique bollard light features a durable sand-cast twin-arm head for

an elegant look.

**Extreme Life:** With an L70 rated life of 187,000 hours, you can plan on years of reliable, maintenance-free use.

**IP66:** The IP66 rating means the ARIE bollards are both weather-proof and dustproof, protected against powerful jets of water, as well as from dust and particles.

Other Features:

- Anchor bolts, mounting templates, vandal-resistant screws - 19w integrated LED - Dimmable 0-10v - 120v-277v (also available in 347v) - 2,081 Lumens - 187,000 hour L70 rated life
- Options:
  - Choice of Kelvin - 3000K, 4000K, or 5000K - Choice of standard height (43 1/8"), 36" or 30" - Choice of Finish: Black, Bronze, and custom RAL colors available upon request - Choice of shipping anchor bolts ahead of time or with bollard light

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
