Product Description

The CIRC 20w LED 12.5" Round Bulkhead Wall Light, 120-277v offers the same lumen output of a 50w metal halide fixture at a fraction of wattage and more than seven times the lifetime. This bulkhead style fixture will quickly pay for itself! The LEDs throw light forward and the low-profile housing makes it easy to mount this unit on the floor, wall, or ceiling. This is an ideal solution for any commercial application that requires a bright, efficient, and stylish fixture i.e. public buildings, condominiums, shopping malls, recreational facilities, indoor pool rooms, locker

rooms, outdoor pools, walkways, and more.

Extreme Life: CIRC 20w round wall light runs at only 20 watts and features an impressive L70 rated life of 187,000 hours. This means that after 187,000 hours, this fixture will still emit 70% or greater of its original lumens. That's almost 22 years of sustained light!

Durable Housing: This CIRC features durable precision die-cast aluminum housing construction with a frosted shatter resistant polycarbonate lens for durability, resistance, and the elimination of hot spots. Architectural grade powder coat finish with chromate conversion coating will protect the fixture from corrosion and erosion.

IP67 Rated: This unit can be fully immersed in water for a period of time without any water ingress. Additional certification of being rated for wet locations by the CSA and has been tested to operate -40°F and 104°F.

Need a Photometric Analysis for Your CIRC 20w LED 12.5" Round Bulkhead Wall Pack, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
