Product Description

The LUVO 17w PC Amber LED Louvered Stainless Steel Bollard Light, 120-277v is a rugged bollard light fixture with a wide range of features and options.

PC Amber: This bollard light fixture emits light in PC amber which is suitable for dark sky friendly applications.

Louvered Optics: This bollard light reflects light downward, reducing glare for

pedestrians and drivers.

Rugged Stainless Construction: This bollard light features a durable stainless steel housing, polycarbonate lens, and IP65 rating.

Features

This bollard light includes:

- Round dome top bollard light with louvers - Rugged stainless steel housing - 120-277v compatible - Up to 595 lumens - IP65 rating - 42" x 7" - 22 lbs - 5 year Access Fixtures warranty
- Options**
- Choice of shipping anchor bolts ahead of time or with bollard light - Surge protection - GCFI outlet
- Mounting**

LUVUO 17w PC Amber LED Louvered Stainless Steel Bollard Light, 120-277v includes all hardware required for mounting:

- 8' steel anchor bolts - Steel mounting templates - Extruded aluminum base plate - Vandal-resistant screws - Lock washers

For more information on general bollard light mounting, please see the installation diagram above or consult our [bollard light installation guide here](#).

Please contact our friendly customer service team, located in Worcester, MA, to address any questions or concerns you may have. We can be reached at 800-468-9925 Monday-Friday 9-5 EST or via email at sales@accessfixtures.com. Click here to view Access Fixtures' [complete warranty policy](#). Need a Photometric Analysis for Your LUVUO 17w PC Amber LED Louvered Stainless Steel Bollard Light, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass

info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at **800-468-9925** for more information about ordering a photometric analysis for your project.
