Need a Photometric Analysis for Your LUVO 24w LED Louvered Square Flat Top Bollard Light, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics

include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at **800-468-9925** for more information about ordering a photometric analysis for your project.

Ready to Order LUVVO 24w LED Louvered Square Flat Top Bollard Light, 120-277v or Speak to a Lighting Specialist?

You can place your order online or if you want additional information, give us a call at **800-468-9925**. Our team of friendly, expert high performance lighting specialists are available to provide what you need to purchase fixtures and illuminate your project with confidence.
