Product Description

The TEFA Medium Socket Prismatic Glass Round Dome Top Bollard Light, 120-277v is a popular bollard light fixture with a wide range of features and options.

Medium Socket: This bollard light fixture accepts a wide range of A19 and A21 lamps, giving you choice of Kelvin, wattage, and more.

Prismatic Glass: The TEFA Medium Socket Prismatic Glass Round Dome Top Bollard Light has a prismatic glass lens which reflects light in a softly diffused pattern.

Round Dome Top Design: This bollard light features a dome-top design that prevents people from resting things atop it.

Need a Photometric Analysis for Your TEFA Medium Socket

Prismatic Glass Round Dome Top Bollard Light Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at **800-468-9925** for more information about

ordering a photometric analysis for your project.
