### Product Description

OTAM 240 3-ft Linear LED High Bay is a low profile high bay with wide optical distribution that replaces HID lighting systems from 250 to 1000 watts. Motion sensor and emergency battery backup available for an additional charge. Applications include commercial indoor projects such as indoor arenas, warehouses, schools, and more. Suitable for 10 to 45 foot mounting heights based

on light level and uniformity requirements.

**Lens:** This linear LED high bay is built using LEDs that have polycarbonate lenses and are potted with high temperature silicone epoxy.

**High CRI:** The OTAM 240 linear LED high bay has a CRI of 80+, which allows for exceptional visibility and renders colors true-to-life.

**Value:** The OTAK 240 3-ft linear LED high bay boasts a whopping 276 lumens per dollar.

#### Features:

- 240w LED - 33,372 total lumens - 71,000 hr L70 rated life - CSA: Listed for dry locations, ANSI/UL 1598, 8750; - IP54 Rated - Low profile design - 0-10v dimming - Internal surge protection - Mount with included V-hangers. Includes a 3' 3-wire cord with leads - 36.25 x 16 x 3.5 inches
- Options:**
- Emergency battery backup - Motion sensor Access Fixtures 5-Year Warranty

All Access Fixtures products come with a 5-year warranty. If your product is found to have a manufacturing defect, we will replace components, the entire product, or issue a refund. We stand behind the quality of our products. Our customer service team, located in Worcester, MA, is happy to address any questions, comments, or concerns you may have. Please give us a call at 800-468-9925. Please view Access Fixtures' [return policy](#). Need a Photometric Analysis for Your OTAM 240 3-ft Linear LED High Bay Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.

Ready to Order OTAM 240 3-ft Linear LED High Bay or Speak to a Lighting Specialist?
