Product Description

TRED 12w Louvered Step Light, 120-277v projects a perfectly balanced spectrum of light through a sleek, compact body that blends easily into its surroundings.

Applications can include staircases, hallways, egresses between buildings, outdoor decks, and movie theaters.

Durable Housing: Commercial grade powdercoat finish makes it able to withstand wet environments and comes in standard gray, black, or bronze finishes.

Optics: TRED 12w offers instant functionality, stable color, and production of virtually no UV or infrared radiation, which can fade indoor furnishings and art.

Long Lasting: The TRED long-lasting, energy-saving LEDs step light offers a L70 rating of 50,000 hours of light to illuminate stairs, decks, and hallways; replaces up to 30w metal halide lamp.

Features:

- Louvered step light fixture - Die-cast aluminum housing, powdercoat finish - 12w integrated LED - 120-277v - Color rendering index (CRI) 70+ - IP65 rated - Type 3 beam of 40 degree angle - 180 lumens - Operating temperature -4°F to 113°F - L70 rated @ 50,000 hours - 3.3 lbs. - 9 1/6 x 7 1/2 x 4 1/2 - 5 year warranty - 3000K Options:

Fixtures 5-Year Warranty

All Access Fixtures products come with a 5-year warranty. If your product is found to have a manufacturing defect, we will replace components, the entire product, or issue a refund. We stand behind the quality of our products. Our customer service team, located in Worcester, MA, is happy to address any questions, comments, or concerns you may have. Please give us a call at 800-468-9925. Please view Access Fixtures' [return policy](#). Need a Photometric Analysis for Your TRED 12w Louvered Step Light, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
