Product Description

TRED 12w Open Step Light, 120-277v is energy-efficient with simple styling. Applications can include staircases, hallways, egresses between buildings, outdoor decks, and movie theaters.

Durable Housing: Commercial grade powdercoat finish makes it able to withstand wet environments and comes in standard gray, black, or bronze finishes.

Optics: TRED 12w offers instant functionality, stable color, and production of virtually no UV or infrared radiation which can fade indoor furnishings and art.

Long Lasting: The TRED long-lasting, energy-saving LEDs step light offers a L70

rating of 50,000 hours of light to illuminate stairs, decks, and hallways. Replaces up to 30w metal halide lamp.

We can be reached at 800-468-9925 Monday-Friday 9-5 EST or via email at sales@accessfixtures.com. Click here to view Access Fixtures' [complete warranty policy](#). Need a Photometric Analysis for Your TRED 12w Open Step Light, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
