### Product Description

VAND 25w LED Turtle Friendly Louvered Round Dome Top Bollard Light, 120-277v is an energy efficient standout ideal for wildlife applications including recreational facilities, waterfront pathways and walkways in wet, coastal environments.

**Turtle and Wildlife Friendly:** The energy efficient monochromatic amber LEDs

are turtle and wildlife friendly. Using 590nm follows most coastal light regulations.

**Lens Free Design:** Lens free design is concealed and hard to break. LED array is encased in a sealed IP65 rated compartment that prevents condensation.

**360 Degree Louvered Optics:** Louvers direct light downward in a 360 degree pattern and prevent visual glare in high-traffic areas.

Need a Photometric Analysis for Your VAND 25w LED Turtle

Friendly Louvered Round Dome Top Bollard Light, 120-277v Project?

A photometric analysis creates a computer simulation of a particular project. No matter what you are lighting, a photometric analysis is an easy way to quantify light levels before purchasing. When a report is generated, a lighting specialist will walk you through it so you know exactly what you will be receiving. Photometrics include average and minimum footcandles, uniformity ratios, spacing, light trespass info, and more. Plus, the cost of the study is refunded back to you when you purchase the fixtures. Call us at 800-468-9925 for more information about ordering a photometric analysis for your project.
