

SPEC SHEET

UPTA

LED HIGH BAY LIGHTS

AccessFixtures.com

1

EXTREME-LIFE:

Exceptional heat sink design produces an EXTREME-LIFE rating of L70 @ 200,000 hours for years of virtually maintenance free performance

2

Flawless Light:

Choice of advanced optics, Kelvin, and color rendering of up to Ra>90 facilitates premium anti-glare illumination

3

Maximum Wattage and LPW:

With up to 960 watts per high bay light fixture and lumens per watt of up to 160, UPTAs can provide over 150,000 lumens from a single high bay
