

# OTAK LED High Bays

### AccessFixtures.com

## **Selectable Wattage:**

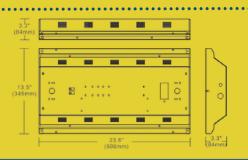

Get the exact amount of light desired using Selectable 80, 125, or 180 wattage, and additional lighting control using the 0-10v dimmable driver

#### **Selectable Kelvin:**

Select the exact Kelvin you want for your location with the flick of a switch. Choose 3000K, 4000K, 5000K

#### **Surge Protection:**

OTAK comes standard with 10KV surge protection. LED lighting should never be on the same circuit with HID lighting or machinery, even equipped with surge protection.
